Sydney – Australia's premier city is the oldest settlement in Australia, the economic powerhouse of the nation and the country's capital in everything but name. Built on the shores of the stunning Port Jackson, you would have to die and go to heaven before you see a more spectacular setting for a city. It's a vital, self-regarding metropolis, exuding both a devil-may-care urbanity and a slavish obsession with global fads. The Sydney area was the ancestral home of the Daruk tribe, whose territory extended from Botany Bay to Pittwater.

There are some 2000 Aboriginal rock engraving sites in the Sydney area, and many of Sydney's suburbs have Aboriginal names. The city of Sydney began life as a penal colony in 1788 and for the next 60 years received the unwanted, persecuted and criminal elements of British society. Despite its brutal beginnings, the city's mixture of pragmatic egalitarianism and plain indifference has transformed it into a thriving multicultural society. Sydney now attracts the majority of Australia's immigrants and the city's predominantly Anglo-Irish heritage has been revitalized by large influxes of Italian, Lebanese, Turkish, Greek, Chinese and Vietnamese.
